Rasasi - the renowned perfumery of Dubai — United Arab Emirates, was established in 1979, formulating and composing scents for the oriental sensibilities.

Within a short span of five years, since its founding, the enterprise introduced into the market a refreshing bouquet of fragrances to enchant the occidental preference. The innovative 'French Line', was launched, commencing with the 'Blue Lady' for women. It became an overnight sensation in the Middle East, only to soon catch on throughout the world. Till date, this maiden label enjoys the pride and confidence of its wearers. Celebrating the Parisian spirit, Rasasi today has more than 45 scents for men and women to indulge with. This catalogue will take you through those romantic classics, giving you a glimpse of their mystical concoctions.

Rasasi's Research & Development consists of professional 'noses' who habitually endeavor to bring about the best of smell, to flatter the right hemisphere of the moody brain, well supported by a design division to intensify the product personality through distinctive packaging. Sensory psychology plays an essential role in the successful making of our products. Likewise a sophisticated environment to match, with latest technologies, dedicated work force and a passionate vision of excellence.
